Reflection for Sunday 11th October: 28th Sunday: 'God's Call' God's call comes to us in many different ways and at many different levels. However, his call is not so much a voice as a tug at our hearts, which we feel at quiet and reflective moments in our lives. He is calling us to a deeper and more authentic life. He is calling us into intimacy with himself. He is calling us into community with others. And at our death he will call us into eternal life. To accept, we need to admit our need. Jesus said: *'woe to you who are full now, you will go hungry. Blessed are you who are hungry now, for you will be filled'*. A sense of something missing in our lives is not a curse but a blessing. A spiritual hunger is God's way of inviting us to a banquet.

Forming a New Parish Pastoral Council: A new Parish Pastoral Council must be formed by the end of October 2026.

There are two separate sheets available at the church doors:

- 1. Expression of Interest Form: Please fill this out if you are interested in getting involved in the Pastoral Council or another parish role.**
- 2. Nomination Form: If you are nominating someone else, it is essential that you speak with them and obtain their permission first.**

The Parish Pastoral Council will play a very active role in the life of your parish, and I hope to see as many people as possible put their names forward. Two separate collection boxes will be placed at the church doors where you can drop off your completed forms over the next two weeks.

Thank you for taking the time to read this notice. I look forward to working with you in the future.— *Fr. Kevin Fay, P.P.*

- ♦ God has a dream for each one of us but he cannot realise this dream unless we play our part. If you are out and about you may come across an acorn. That particular acorn has a built in program if it follows will transform itself over the years into a huge tree. For us our growth in realising Gods dream for us flows from what has gone before in our lives. We are the children of two families, that of our Father and that of our Mother. We have inherited the wisdom as well as the prejudices of both. We have been deeply influenced by our environment and we need to acknowledge the environment in which we have grown up. The acorn has to change it's shape before he can realise his dream we have to change our outlook in order to realise Gods dream for us. St. Augustine who became a great saint had to first abandon his sinful life and an idea which was quite revolutionary: God who brought us to birth without our consent will not save us without our consent
