“We scientists don’t know how to do that” “I used to think the top environmental problems were biodiversity loss, ecosystem collapse and climate change. I thought that with 30 years of good science we could address those problems. But I was wrong. The top environmental problems are selfishness, greed and apathy.... and to deal with those we need a spiritual and cultural transformation - and we scientists don’t know how to do that” Gus Speth.

Planning a Baptism

When presenting a child for Baptism, parents are encouraged to contact the Parish Office in good time so that the preparation process can be explained and any questions answered. The Church asks that a child have either one sponsor (Godparent) or, where two sponsors are chosen, **one male** and **one female** sponsor. Sponsors should normally be practising Catholics, at least 16 years of age, who have received the Sacraments of Baptism, Confirmation and the Eucharist, and who are willing to support the child in the practice of the faith. Where this is not possible, we will be happy to explain the role of a Christian witness. Please speak to the Parish Office, who will be happy to advise.
