The Energy of True Religion

'To love God and love your neighbour - this is one of the most attractive of the sayings of Jesus. It is an encouragement to live fully with what brings the greatest joy in life - true love of God and the neighbour. It is at the heart of good religion, and what attracts many to Jesus. Bad religion puts law above love. Bad religion fights for the partial truth of religion. We risk being victims of bad religion, just as we can be victims of bad nationalism, bad psychology or any other bad way of living. Jesus' life was to propose good religion and to live by it. The religion of some of the Pharisees was bad, in that it was incomplete in its scope. We admire those who give energy in love and service. We are proud of people we know whose lives make a great and good difference to others. We know that our family and neighbourhood, parish and school, workplace and leisure time have been enriched by the self-sacrificing love of many people, young and old. 'He gave it his all' - we say that of a good player at the end of a match. We say of parents that they "were always there for the children. May we give all we have in our lives, giving in love, knowing that all we give is itself a gift from God, the giver of all good gifts.
Picture Jesus with a sick person; watch him touching the person. This would be against the law! What would you say to him? Lord, let love be the guiding principle of all I say and think.

Church of the Resurrection Mass in Irish

Irish Mass with Fr. Paul.Tuesday 27th October at 7pm at the Church of the Resurrection. Readings and Sermons in English.

Did I offer peace today? Did I bring a smile to someone's face? Did I say words of healing? Did I let go of my anger and resentment? Did I forgive? Did I love? These are the real questions. I must trust that the little bit of love that I sow now will bear many fruits, here in this world and the life to come.

May they Rest in Peace

Faith, Hope and Love

Faith lit a candle
in the night and
set it for my soul to see;

Hope whispered
courage to my heart
and shod my feet
and girded me;

But it was Love
that showed the
way,
that held my
hand
and walked with
me.

'I invite all Christians, everywhere, at this very moment, to a renewed personal encounter with Jesus Christ, or at least an openness to letting him encounter them; I ask all of you to do this unfailingly each day.'

Pope Francis

SOME FEEDBACK FROM STUDENTS WHO TOOK PART IN THE POPE JOHN PAUL II AWARD 2026

* I realised that faith is not only about praying or going to Mass. It is also about how you treat people and whether you are willing to help others when they need support. It helped me connect faith with actions instead of just saying I will.

* If this experience taught me anything, it's that there are people who do believe and are really close to their religion and I have developed my respect for them.

* I think the one obstacle I had to overcome was finding going to Mass an enjoyable place as when I was younger I used to find mass very long and I was not really able to understand what was being said, but since going to mass more since taking part in JP2 I have been able to understand the gospel, readings and hymns etc. I think my faith has become stronger from taking part in JP2.

* Over time my confidence grew and I even decided to join the choir that our JP2 team founded. I would go to practise any Friday it was on and try my best to learn the songs and just do my best even though I am not the best singer. But I was doing it for the Church so it didn't feel as uncomfortable or out of the ordinary when it usually would if I sang outside the Church.

* Through these activities I have learned more about my religion and what it actually means. Mass before was routine, but being involved made it more meaningful. I have started paying more attention to the readings and think about how they apply to real life.
